16.19.4.12 IMPAIRED PHARMACIST:

A. DEFINITIONS; For the purpose of this Section:

(1) Chemical Dependence - repeated use of alcohol or drugs culminating in a pattern of chemical need.

(2) Disciplinary Authority - the Board which may discipline pharmacists.

(3) Diversion - illicit dispensing, distribution or administration of a scheduled controlled substance not in the normal course of professional practice.

(4) Drug - a chemical substance alone or in combination including alcohol.

(5) Drug Abuse - improper or excessive use of a drug to the detriment of the individual and/or society.

(6) Impaired Pharmacist - a pharmacist who is unable to practice pharmacy with reasonable skill, competence or safety to the public because of drug abuse, and/or mental illness, the aging process or loss of motor skills, sight or hearing.

(7) Licensing Authority - authority that licenses/registers pharmacists.

(8) Recovering - a term used to describe an impaired pharmacist who has successfully completed the approved treatment program and is being rehabilitated in accordance with a professionally prescribed aftercare treatment. (Use of "recovering" rather than "recovered" is intended to indicate that recovery is a continuous process with no finite end point).

(9) Reinstatement - the process whereby the recovering impaired pharmacist is permitted to resume the practice of pharmacy.

(10) Treatment - the therapeutic interruption of the disease process by competent and skilled professional resources.

B. APPLICABILITY: This regulation is applicable to all licensed/registered externs, interns, pharmacists, and any other Board licensee/registrant. For the purpose of this regulation, the word "licensee" shall include all persons licensed/registered by the Board of Pharmacy.

C. PROCEDURES:

(1) IMPAIRED PHARMACIST REPORTING:

(a) If any person knows or suspects that a licensee is impaired, that person shall report any relevant information either to the Impaired Pharmacist Program or to the Board of Pharmacy ("Board").

(b) When the Board receives an initial report relating to an alleged impaired Board licensee, that authority may:

(i) refer the licensee to the Impaired Pharmacist Program for verification, intervention and subsequent evaluation and/or treatment; or

(ii) verify the information provided on the alleged impaired licensee and assume the responsibility for intervention and referral for evaluation and/or treatment; or

- (iii) file a complaint to initiate disciplinary action.
- (2) INTERVENTION: Board approved intervenors shall:
 - (a) Respond to information from concerned individuals.
 - (b) Ascertain validity of the information received.
 - (c) Perform additional necessary investigations to arrive at an accurate position prior to contacting the alleged impaired licensee; and, if necessary, to perform intervention.
 - (d) Contact the alleged impaired licensee. After intervention, referral may be made to evaluation/treatment center at licensee's expense. (Contact shall be made as planned intervention).
 - (e) Reduce all reports in writing and place in permanent file for preservation of the report until the situation is satisfied.
- (3) TREATMENT:
 - (a) Structured Treatment - an approved treatment plan which shall include inpatient and/or outpatient therapy as recommended/required. With the consent of the treatment provider, the plan may include, but is not limited to, individualized inpatient and/or outpatient care. Following either an intensive inpatient or outpatient care, after treatment may be prescribed by the provider with the approval of the Board and/or Impaired Pharmacist Committee.
 - (b) Supervised Treatment - treatment which is prescribed by the treatment provider and approved by the Board and/or Impaired Pharmacist Program.
- (4) DISCIPLINARY SANCTIONS: Board Authority Referral to the Impaired Pharmacist Program - when an impaired licensee who has been reported to the Board successfully completes a Board/Committee approved treatment program, that licensee must appear before the Board. The licensee must provide documentary evidence from the approved treatment program, stating that the licensee has reached recovery and may be allowed to practice without endangering the public. The Board may suspend the registration/license, stay the execution of the suspension and impose a period of probation during which the following conditions shall be met:
 - (a) the licensee shall strictly adhere to the aftercare program; and
 - (b) during the probationary period, the licensee shall comply with the general and special conditions of probation imposed by the Board, including but not limited to, monitoring and drug screens where applicable.
- (5) CONFIDENTIALITY; The names of voluntary participants in the program and records relating to their referral and treatment are confidential pursuant to Section 61-11A-3 and Section 61-11A-7, provided, however, that this information may be disclosed:
 - (a) in a disciplinary hearing before the Board and in court proceedings arising therefrom;
 - (b) to the Board and to the pharmacist's licensing/disciplinary authorities of other jurisdictions in accordance with law;
 - (c) pursuant to an order of a court of competent jurisdiction;
 - (d) injunctive proceedings brought by the Board; and
 - (e) as otherwise provided by law.
- (6) CIVIL IMMUNITY; No member of the Board or the committee or any Board-approved intervenor shall be liable for any civil damages because of acts or omissions which may occur while acting in good faith pursuant to the Impaired Pharmacists Act (61-11A-1 to 61-11A-8, NMSA, 1978).

16.19.4.16 RESPONSIBILITIES OF PHARMACIST AND PHARMACIST INTERN:

A. The following responsibilities require the use of professional judgement and therefore shall be performed only by a pharmacist or pharmacist intern:

- (1) receipt of all new verbal prescription orders and reduction to writing;
- (2) initial identification, evaluation and interpretation of the prescription order and any necessary clinical clarification prior to dispensing;
- (3) professional consultation with a patient or his agent regarding a prescription;
- (4) evaluation of available clinical data in patient medication record system;
- (5) oral communication with the patient or patient's agent of information, as defined in this section under patient counseling, in order to improve therapy by ensuring proper use of drugs and devices;
- (6) professional consultation with the prescriber, the prescriber's agent, or any other health care professional or authorized agent regarding a patient and any medical information pertaining to the prescription.

B. Only a Pharmacist Shall Perform The Following Duties:

- (1) final check on all aspects of the completed prescription including sterile products and cytotoxic preparations, and assumption of the responsibility for the filled prescription, including, but not limited to, appropriateness of dose, accuracy of drug, strength, labeling, verification of ingredients and proper container;
- (2) evaluation of pharmaceuticals for formulary selection within the facility;
- (3) supervision of all supportive personnel activities including preparation, mixing, assembling, packaging, labeling and storage of medications;
- (4) ensure that supportive personnel have been properly trained for the duties they may perform;
- (5) any verbal communication with a patient or patient's representative regarding a change in drug therapy or performing therapeutic interchanges (i.e. drugs with similar effects in specific therapeutic categories); this does not apply to substitution of generic equivalents;
- (6) any other duty required of a pharmacist by any federal or state law.

C. Patient Records.

- (1) A reasonable effort must be made to obtain, record and maintain at least the following information:
 - (a) name, address, telephone number, date of birth (or age) and gender of the patient;
 - (b) individual medical history, if significant, including disease state or states, known allergies and drug reactions and a comprehensive list of medications and relevant devices; and
 - (c) pharmacists comments relevant to the individuals drug therapy.

(2) Such information contained in the patient record should be considered by the pharmacist or pharmacist intern in the exercise of their professional judgement concerning both the offer to counsel and the content of counseling.

D. Prospective Drug Review.

(1) A pharmacist or pharmacist intern shall review the patient record for:

- (a) clinical abuse/misuse;
- (b) therapeutic duplication;
- (c) drug-disease contraindications;
- (d) drug-drug interactions;
- (e) incorrect drug dosage;
- (f) incorrect duration of drug treatment;
- (g) drug-allergy interactions;
- (h) appropriate medication indication.

(2) Upon recognizing any of the above, the pharmacist shall take appropriate steps to avoid or resolve the problem which shall, if necessary, include consultation with the prescriber.

E. Counseling.

(1) Upon receipt of a new prescription drug order and following a review of the patient's record, a pharmacist or pharmacist intern shall personally offer to counsel on matters which will enhance or optimize drug therapy with each patient or the patient's agent. Upon receipt of a refill prescription drug order a pharmacy technician may query the patient or patient's agent regarding counseling by the pharmacist or pharmacist intern concerning drug therapy. Such counseling shall be in person, whenever practicable, or by telephone, and shall include appropriate elements of patient counseling which may include, in their professional judgement, one or more of the following:

- (a) the name and description of the drug;
- (b) the dosage form, dosage, route of administration, and duration of drug therapy;
- (c) intended use of the drug and expected action;
- (d) special directions and precautions for preparation, administration and use by the patient;
- (e) common severe side or adverse effects or interactions and therapeutic contraindications that may be encountered, including their avoidance and the action required if they occur;
- (f) techniques for self-monitoring drug therapy;
- (g) proper storage;
- (h) prescriptions refill information;
- (i) action to be taken in the event of a missed dose;
- (j) the need to check with the pharmacist or practitioner before taking other medication; and
- (k) pharmacist comments relevant to the individual's drug therapy, including any other

information peculiar to the specific patient or drug.

(2) [REPEALED]

(3) Alternative forms of patient information may be used to supplement patient counseling when appropriate. Examples include, but not limited to, written information leaflets, pictogram labels and video programs.

(4) Patient counseling, as described above and defined in this regulation shall not be required for in-patients of a hospital or institution where other licensed health care professionals are authorized to administer the drug(s).

(5) A pharmacist shall in no way attempt to circumvent or willfully discourage a patient or patient's agent from receiving counseling. However, a pharmacist shall not be required to counsel a patient or patient's agent when the patient or patient's agent refuses such consultation.

(6) When the patient or agent is not present when the prescription is dispensed, including but not limited to a prescription that was shipped by the mail, the pharmacist shall ensure that the patient receives written notice of available counseling. Such notice shall include days and hours of availability, and: (1) of his or her right to request counseling; and (2) a toll-free telephone number in which the patient or patient's agent may obtain oral counseling from a pharmacist who has ready access to the patient's record. For pharmacies delivering more than 50% of their prescriptions by mail or other common carrier, the hours of availability shall be a minimum of 60 hours per week and not less than 6 days per week. The facility must have sufficient toll-free phone lines and personnel to provide counseling within 15 minutes.

(7) In every pharmacy there shall be prominently posted in a place conspicuous to and readable by prescription drug consumers a notice concerning available counseling.

F. [REPEALED]

G. Regulatory Assessment. Profiles, either electronic or hard copy, shall be available for inspection, and shall provide the capability of storing the described historical information. The profiles must demonstrate that an effort is being made to fulfill the requirements by the completion of the detail required. A patient record shall be maintained for a period of not less than three (3) years from the date of the last entry in the profile record. (1) Only a registered pharmacist clinician with current protocols, registered with the New Mexico medical board or the New Mexico board of osteopathic medical examiners, may exercise prescriptive authority.

(2) A pharmacist clinician seeking to exercise prescriptive authority shall submit an application to the board. The application must include the supervising physicians' name and current medical license, protocol of collaborative practice and other information requested by the board. A pharmacist may submit the application with the initial application for certification or as a separate application after becoming certified and registered as a pharmacist clinician.

(3) The protocol will be established and approved by the supervising physician as set forth in these regulations and will be kept on file at each practice site of the pharmacist clinician and with the board.

(4) The protocol must include:

- (a) name of the physician(s) authorized to prescribe dangerous drugs and name of the pharmacist clinician;
- (b) statement of the types of prescriptive authority decisions the pharmacist clinician is authorized to make, including, but not limited to:
 - (i) types of diseases, dangerous drugs or dangerous drug categories involved and the type of prescriptive authority authorized in each case;
 - (ii) procedures, decision criteria or plan the pharmacist clinician is to follow when exercising prescriptive authority;
- (c) activities to be followed by the pharmacist clinician while exercising prescriptive authority, including documentation of feedback to the authorizing physician concerning specific decisions made; documentation may be made on the prescriptive record, patient profile, patient medical chart or in a separate log book;
- (d) description of appropriate mechanisms for consulting with the supervising physician, including a quality assurance program for review of medical services provided by the pharmacist clinician, (this quality assurance program will be available for board review); and
- (e) description of the scope of practice of the pharmacist clinician.

E. Scope of practice:

- (1) A pharmacist clinician shall perform only those services that are delineated in the protocol and are within the scope of practice of the supervising physician and/or alternate supervising physician(s).
- (2) A pharmacist clinician may practice in a health care institution within the policies of that institution.
- (3) A pharmacist clinician may prescribe controlled substances provided that the pharmacist clinician (i) has obtained a New Mexico controlled substances registration and a drug enforcement agency registration, and (ii) prescribes controlled substances within the parameters of written guidelines or protocols established under these regulations and Section 3, A. of the Pharmacist Prescriptive Authority Act.
- (4) The board may, in its discretion after investigation and evaluation, place limitations on the tasks a pharmacist clinician may perform under the authority and direction of a supervising physician and/or alternate supervising physician(s).

F. Collaborative professional relationship between pharmacist clinicians and supervising physician(s):

- (1) The direction and supervision of pharmacist clinicians may be rendered by approved supervising physician/designated alternate supervising physician(s).
- (2) This direction may be done by written protocol or by oral consultation. It is the responsibility of the supervising physician to assure that the appropriate directions are given and understood.
- (3) The pharmacist clinician must have prompt access to consultation with the physician for advice and direction.
- (4) Upon any change in supervising physician between registration renewals, a pharmacist clinician shall submit to the board, within ten (10) working days, the new supervising physician's name, current medical license, and protocol; notification to and completion of requirements for the supervising physicians' board shall be completed per that boards requirements. This notice requirement does not apply to an alternate supervising physician who is designated to cover during the absence of the supervising physician.

G. Complaints and appeals:

- (1) The chair of the board will appoint two (2) members of the board, and the president of the supervising physician respective board will appoint (2) members of the respective board to the oversight committee; the oversight committee will review complaints concerning the pharmacist clinician practice; the oversight committee will make a report that may include non-binding recommendations to both the board and respective board(s) regarding disciplinary action. Each board can accept or reject the recommendations.
- (2) Any applicant for certification or any pharmacist clinician may appeal a decision of the board in accordance with the provisions of the Uniform Licensing Act, Sections 61-1-1 to 61-1-33 NMSA 1978.
