16.22.27.8 FORMULARY:

A. Conditional prescribing or prescribing psychologists shall exercise prescriptive authority using psychotropic medications, as defined in 16.22.1 NMAC, of these regulations, within the recognized scope of practice for the treatment of mental disorders and for which the psychologist has been properly educated and trained.

B. As provided by Section 61-9-17.2, of the act, when prescribing psychotropic medication for a patient, a conditional prescribing psychologist or a psychologist with a conditional prescription certificate shall maintain an ongoing collaborative relationship with a health care practitioner who oversees the patient's general medical care to ensure that necessary medical examinations are conducted, the psychotropic medication is appropriate for the patient's medical condition and significant changes in the patient's medical or psychological condition are discussed. The collaborative relationship shall be utilized to coordinate the patient's ongoing care, including, determining whether non-psychotropic medications should be prescribed to provide the patient with optimized care. In such cases, all non-psychotropic medications shall be prescribed by the health care practitioner who oversees the patient's general medical care, or by other health care practitioners involved in the patient's care who are authorized by law to prescribe such medications.

C. Unless specifically agreed to by a primary healthcare practitioner, a conditional prescribing or prescribing psychologist shall not prescribe psychotropic medication to treat patients for the following conditions:

- (1) chronic pain;
- (2) endocrine, cardiovascular, orthopedic, neurological, and gynecological illness or disorders;
- (3) allergies; or
- (4) other non-psychiatric illnesses, disorders, or illnesses causing mental disorders.

D. A conditional prescribing or prescribing psychologist shall be allowed to treat patients psychopharmacologically with the medical conditions in 16.22.27.8 NMAC, if those conditions are under treatment of a health care practitioner licensed in New Mexico.

E. A conditional prescribing or prescribing psychologist shall treat psychopharmacologically only mental disorders listed in the most recent edition of the diagnostic and statistical manual of mental disorders published by the American psychiatric association.

F. A conditional prescribing psychologist or prescribing psychologist who prescribes outside the scope of practice specified in the act and these regulations is subject to disciplinary action by the board.
