**16.26.5.8 CONTINUING EDUCATION PHILOSOPHY:** Continuing education is one of the most important responsibilities of the speech-language pathologist, audiologist, and hearing aid dispenser. It is also a life-long process. A diversity of information related to speech-language pathology, audiology, and hearing aid dispensing regarding changing requirements, laws, and trends in the field is recommended to enhance the professional skills and development the speech-language pathologist, audiologist, and hearing aid dispenser. The responsibility of continuing education rests solely with the speech-language pathologist, audiologist, or hearing aid dispenser.
